

# Bed MadeEZ<sup>®</sup>

## Mattress Lifter

***With all the repetitive bending, lifting and twisting, making the bed can be a PAIN—literally costing hotels millions in lost workdays, Workers' Compensation claims, and fines.***

The ergonomically designed **Bed MadeEZ** mattress lifter is a safety tool that lifts and holds the mattress while linens are changed, significantly reducing the risk of overexertion and injury from repetitive lifting.

Housekeepers are routinely required to lift over 13,000 pounds of bedding a day, making them highly susceptible to risk of fatigue and injury. In fact, recent studies show that housekeepers are 48% more likely to be injured than any other job in the service sector and 51% more likely to incur a serious, disabling injury.

A full safety program utilizing the **Bed MadeEZ** mattress lifter is available including a safety poster and training DVD.

### FEATURES & BENEFITS

- Alleviates strain to the back, shoulders and neck.
- Eliminates repeated lifting, twisting and strain by holding the mattress in a raised position.
- Improves employee safety, productivity and quality of work.
- Reduces fatigue and injury, lost workdays, potential OSHA fines, Workers' Compensation claims, and lawsuits.
- Made of friction resistant polypropylene with a comfortable rubberized handle.
- Great for maneuvering around nightstands and tucking linens.
- A training DVD and safety poster are also available.

COMES WITH A  
LIFETIME REPLACEMENT WARRANTY!

- 1** Length assures maximum lift with minimal physical effort.
- 2** Ledge allows mattress to rest in raised position.
- 3** Ergonomic rubber handle allows multiple gripping positions.
